

How Our Courses Work

Ellis's Worldventures

There is no other course out there, quite like Ellis's Worldventures.

Each weekly update from Ellis is written in the style of a letter, with a storyline full of wonder and exploration. Each update tells part of the life of Ellis and how, in the course of life, specific knowledge arises.

We believe that learning to “learn-through-exploration” is a vital skill.

5 different courses available, for primary age (9-11) and 3 different courses available for secondary age (11-12), covering key National Curriculum subjects

What is Included

Each course includes:

- Ellis's weekly update story/letter
- projects and activities
- a range of extra support materials and resources
- easy access via the Canvas online learning platform

All based on the subject curriculum topics, within the UK National Curriculum

What is Included

Structure:

- each week introduces a new topic from the curriculum
- activities feature multi-media opportunities for your young person to explore the topic in more detail
- each activity is meant to be a jumping off point – to practice what they have learned, do more research, start a new project, develop their opinions and perspectives
- ideally, activities are ideally spread throughout the week to allow for the best engagement, repetition, storage and retrieval of the key topical information

Course Platform

Our courses use the Canvas online platform:

HomeMadeEducation Courses

"DELIGHTFULLY UNIQUE. CREATIVELY INTELLECTUAL!"

Our courses are custom-designed:

- to engage, delight and enthrall
- using interactive and engaging multi-media materials
- with interesting and engaging activities
- based on the latest curriculum ideas

We take a fun, entertaining approach to our subjects – combining interesting, important and intriguing information with weblinks, illustrations, examples, stories, current events, jokes, cartoons and much more.

Help your young person stay in-touch, inspired, and in-the know!

We look forward to getting to know you and working through the course together!
